

VEKA IMAGINE VERTICAL SLIDING WINDOWS

The original timber alternative Vertical Sliding Window

KAT UK sash windows authentically replicate beautiful Victorian and Edwardian period windows, meticulously combining technology and tradition. We offer you the ideal product; luxury windows perfect even in conservation areas, hand-crafted by Joiners using traditional craftsman's techniques, coupled with 100% recyclable uPVC frames and energy efficient glass, ensuring your windows will not require regular maintenance, nor will they ever warp, shrink, stick, or need painting.

Tilt in sash option, with both sashes sliding
